OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 3 February 1965

25X1 1. [] Talked with William Darden at the Director's
request indicating that the Director was prepared to give the Chairman of
Senate Armed Services and his Committee additional information on the
25X1 [] I explained to Mr. Darden that as had been
indicated in the hearing we expected additional information which has been
received and analyzed. The Director wished the Chairman to know that he
was prepared to brief the Chairman but knowing that he was ill wished to know
the Chairman's wishes or Darden's views as to whether a briefing should
be afforded any of the other members of the Committee. Darden stated the
Senator had been most uncomfortable when he talked with him this morning
and he did not feel that he could discuss this with him today. It was his own
view that there was no necessity for the Director to attempt to brief the
other members pending word from the Chairman. I indicated that the Agency
had a statutory obligation to the Joint Committee on Atomic Energy and we
were planning to meet with them briefly tomorrow. Darden stated he saw no
reason why this should not go forward and he would be in touch with the
Chairman on this matter as soon as he could.

25X1 2. [] Talked with George Murphy to confirm
arrangements for a half hour briefing of the Joint Committee on Atomic
25X1 Energy tomorrow at two o'clock.

3. [] The Director met with the full House
Armed Services Committee. See Memorandum for the Record.
